### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kathy Manke, who was authorized by William Cochran, on March 13, 2006.

The application has been amended as follows:

- Cancel **Claims 10-24**.
- In Claim 2 line 3, delete "**or**".

### ***Allowable Subject Matter***

2. Claims 1-4, 6, 8, and 9 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1-4, 6, 8, and 9, the prior art of record fails to show or fairly suggest calculating a time period based upon the latencies in an isochronous network and transmitting requested data to a user's system via isochronous network at a time that precedes receipt of the audio/video stream by an amount that is substantially equal to, but not less than, the time period, so that the amount of data transmitted to the user system is minimized.

Art Unit: 2623

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
